## Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

***Request for Continued Examination***

16/D

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/18/2002 has been entered. An action on the RCE follows:

**EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Howard Bernstein on 1/10/2002 that claims 5 and 9-13 are cancelled.

***Allowable Subject Matter***

3. The following is an examiner's statement of reasons for allowance: Okada et al (US 6,297,813) teaches a liquid crystal display which includes a plurality of gray levels in accordance with digital data having a first bit portion and a second bit portion (abstract). Yanagi et al (US 5,929,847) teaches a liquid crystal display which includes a plurality of gray-scale voltage, operational amplifier, digital data of 3 bits (see col. 19, lines 28-30). Accordingly, the cited prior arts, alone or in combination, do not teach or fairly suggest

“gray shade voltage generating means based on high order bits composed of at least one bit counted from the most significant bit of said digital image data,

voltage adjusting means for inducing a voltage rise or a voltage drop of a voltage outputted from said operational amplifier based on low order bits of said digital image data excluding said high order bits,” as recited in claim 1

“said voltage adjusting circuit is comprised of a resistor, one end of which is connected to a output terminal of said operational amplifier, and active device connected to another end of resistor and controlling circuit for controlling operations of said active device based on said low order bits of said digital image data, wherein said other end of said resistor is connected to said display device,” as recited in claim 14.

This distinct feature has been added to the sole independent claim and renders the above limitation is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
